ST. ALOYSIUS' MAY PLAY .- The school children's festival of St. Aloysius' parish, took place on Saturday afternoon at Seventh street Park. The children and officers of the school assembled at the church at one o'clock and proceeded to Gonzago College on F street, near Tenth. boys of St. Joseph's Asylum.

While the line was being formed the carriages containing the Queens of the day, with the mounted marshals, paid a visit to President Johnson, who received their address, and the beautiful bouquet presented him, and acknowledged the compliment in a brief address. From Gonzaga College the procession proceeded to the Park, where the ceremonies of crowning the various queens were performed. After the Queens of the day-had been crowned by their attendants, a beautiful statue of the Blessed Virgin Mary was crowned. The coronation concluded with the Ave Maria, sung by all the children. Among the young ladies who took prominent parts in the May play, were the fol-

THE SPELLING CONTEST for gold medals, to be awar ded in the Grammar and Intermediate schools, was repeated this morning, because of ties in three grammar schools and absentees from the former trials. To-day Charles B. Young, of Emerson Institute, and O. C. Wight, of Rittenhouse Academy, by request of the trustees, are conducting the exercises; the test being two hundred words, selected by them from the test-book, Worcester's Pronouncing and Comprehensive Spellers. The spelling at the first trial was excellent, and to-day's exercises will probably surpass the former effort. It is understood that the regular annual examinations of the public schools will begin about the 12th of next month.

THE ELECTION TO-DAY.

Up to noon to-day, the election was proceed ing quietly, though the contest is an exciting one, and trouble was feared in some of the wards. Major Richards had his police force so disposed as to concentrate if necessary, but it is not believed that there will be more disorder in the city than is usual on the day of an election. The cardidates for Mayor are:-Republican, Sayles J. Bowen; Conser Ative John T. Given. Below we give the ward tickets, the progress of the voting, and the scenes and incidents at the thirty-five precincis-five in each ward—up to noon:

Republican. - For Alderrian - John F. Cook (colored.) For Cauncilm'en D. M. Bavis, A. S. Taylor, and Carter Stewart (colored.) For Assessor-Ge's. T. McG | ue. Conter alice. - For P. Iderman-Dr. Wm. B. Magruder, For Common Council-Messrs. Andrew Carroll, R. A. Waters, and Samuel P. Wroe. For Assessor—C. J. Denham. The voters were on the ground very early this morning, formed in line, and when the polis were opened at 7 o'clock, the receivers of votes were kept quite busy for some time. At the first precinct, on I, between 19th and 20th streets, at 11 o'clock 207 votes had been polled; 13 of which only were cast by white men. The

votes of ten colored men were rejected, their names not appearing on the registry. The colored men were going solid for Bowen, and voting the ward ticket without scratching. The Conservative ticket was printed on white and the Republican ticket on red namer. The water. ticket on red paper. The voters approached the polls in a double line, extending to 19th street, and were liberally supplied with water to quench their thirst by their friends. Every. thing was quiet.

At the second precinct, I street, between 19th and 2 th, at 11 o clock, 209 votes had been cast, 50 only by white voters. Nine were rejected. their names not being on the list, and one repected who lived in Georgetown. Five goldiers of the 44th infantry had voted at this precinct up to the above hour. The voting was
rapid at this precinct, and at noon there were
but few about the polls. The colored men were
voting the Republican ticket without statchvoting the Republican ticket without scratching. At the third precinct, west side of 20th st. between K and L streets, at 11 o'clock, 172 votes had been cast, 12 only by white voters. One colored man, not being registered, was rejected. Voting was going on slowly; there were but few in line, but a great many standing about the place. The best of order prevailed, and there was little or no scratching of tickets. At the fourth precinct, H street, between 18th and 19th streets, at 12 o'clock, 283 votes had been received, 45 of which were cast by white men, about 10 of whom voted the Conservative ticket; 2 were rejected. There was good order at the polis, and put little scratching of tickets. There were a great many standing about the place. At the fifth precinct, corner of 19th and H streets, at 11 o'clock, there had been 240 votes cast, about 15 only by white voters; 20 were recast, about 15 only by white voters: 20 were rejected, their names not appearing on the list. One colored man in this precinct voted the Given ticket. A double line of voters presented themselves at the polls most of the time. All

was quiet at noon in the ward.

SECOND WARD. The tickets in this ward are: Republican.-For Alderman-General John S. Crocker. For Councilmen—D. M. Keisey, W. H. Chase, and Wm. Rutherford. Conservative—For Alderman—C. I. Canfield. For Common Council—A. Nailor, Jr., B. Henze, and Francis Miller. The voting commenced in this ward at o'clock, with a long line (mostly colored) at each precinct. Matters, up to half-past eleven o'clock, had passed off very quietly, though there was some little disturbance in the first precinct, about a quarter past eleven o'clock, originating in the effort of a colored man to force in a disqualified applicant after he had been refused a vote. The offender was ordered off by the police before any collision occurred. Bets were made here that Mr. Given would carry the ward by five hundred majority. In each of the precincts one or more colored persons had voted the Conservative ticket up to half-past eleven o'clock.

Appended is the vote up to half-past eleven,
allowing a few minutes difference for the time occupied in going from the first to the last premajority of from 8 to 10 in favor of colored Second Precinct-Whole number 248; colored about 30 ahead. Third Precinct-Whole vote 24-, of which 212 were colored and 36 white, Fourth Precinct—Total vote 271; with a majority for colored. Fifth Precinct—Whole vote

For Assessor—Thos. A. Langley. Conservative. - For Aldermen-B. F. Morsell. (long term:) R. W. Fenwick, (to succeed Mr. Elvans.) For Common Council-W. E. Brown, F. J. Bartlett, and Nat Sardo. For Assessor-Wm. B. Downing. The colored voters in this ward were rallied to the pells under the inspiration of a fife and drum, and at sunrise the voting commenced with a long line in waiting, (composed largely of colored persons) Up to eleven o'clock no disturbance had occurred and good feeling prevailed. Appended is the vote up to a quarter to 11 o'clock. First precinct—whole vote, 183; of which there were colored 155, and white 25 with two or these colored votes for white 25, with two or three colored votes for Given, Second precinct-total vote, 241; of which there were white toe, and 103 colored. Third precinct—total vote, 231: of which there were white 138, and colored 93. Fourth precinct—total vote, 336; of which there were col.

ored 196, and white 134. Fifth precinct-total vote, 221, with between 15 and 20 majority for

In this ward the tickets are:

Republican.—For Alderman—J. H. Johnson.

For Councilmen—Clayton C. H. Manning, J. Holmes, and Geo. W. McLane. Conservative .- For Alderman - Captain W.W. Moore. For Common Council - Wm. H. Nalley, Robert Ball, George Jueneman.
In this ward there is another ticket which. while bearing Mr. Given's name at the head, has as the candidate for Alderman the name of Mr. Owen Thorn. This ticket was the cause of considerable excitement in the ward, many of the Conservatives charging that its only object was to defeat the election of Mr. Moore, the nominee of the Conservative ward meeting; but up to 11 o'clock but few such tickets had

The colored voters in this ward gathered to the number of 500 before 3 o'clock a. m., in the neighborhood of 4th and L streets, and marched down 4th street to the City Hall, halting in front of the statue. Where they were divided

into five squads, corresponding to the precincts, at each of which lines were formed awaiting the opening of the polls.

There were also 21 this early hour some whites out, and about sun rise the number increased. At 11 o'clock at the first precinct about 300 votes had been polled, and it was said that the Conservatives were allocation to said that the Conservatives were slightly ahead. and it was also stated that more than half the vote was in. At the second precinct about the same number had been polled. At the third precinct about 290 had voted up to 11 o'clock, when the Conservatives were reported ahead. At the 4th precinct 250 had exercised the right of suffrage, three-fourths of whom were whites, and at the 5th precinct 300 had voted, but at noon voters were slow in coming up and some asserted that the judges would have a comparatively easy time this afternoon, as the vote was then nearly all in. In this ward the order observed was excellent, but some sixteen or twenty colored men having voted the Given ticket straight, some of their friends were giving them their minds very freely for going back

PIPTH WARD. The tickets in this ward are as follows:

Republican.—For Alderman—Appleton P.

Clark. For Councilmen—L. B. S. Miller, Jno.

R. Arrison, and Turner Torrey. For Assessor-Joseph Carroll. Conservative.—For Alderman—G. F. Gulick. For Common Council—John O'Meara, John R. Zimmerman, and Wm. P. Ferguson. For As-

Zimmerman, and Wm. P. Ferguson. For Assessor—John W. Mead.

In this ward the polis at the precincts were opened promptly, and some of the voters had already (under the police) formed lines; but each man seemed determined only to cast his vote and attend to his business. At 10½ o'clock about one hundred and fifty had voted nearly all of whom were colored. At the second precinct at the same hour 157 had voted, 100 of which were reckoned Bowen men. The third precinct judges had received 188 votes to that hour, and the challengers of each party were dubious as to the way they voted, but it was generally conceded that the Bowen ticket was slightly ahead, a majority of the voters was generally conceded that the Bowen ticket was slightly ahead, a majority of the voters being colored. In the fourth precinct 186 had voted, of which number about 130 were Conservatives. In the fifth precinct 130 had been voted, the Republicans being ahead. The camp of the 12th infantry being located in this ward, there was some anxiety to know whether those of the regiment who had been registered would vote, and it was not long after the polls were opened before some soldiers appeared, and thirty-four of them came up in one squad under the command of a sergean', and were marched from one precinct to another. At each precinct were allowed to vote and again fall into time. There were also in this ward several of those whose names were stricken fall into tine. There were also in this ward several of those whose names were stricken from the list by the Judges, because they had not complied with the regulations regarding the amnesty proclamotion and these being refused, at once left the polls, but with the understanding that they would apply for a cartificate from the State Department. The Commissioners, it is said, will not receive their votes, even should they procure the certificates, because their names are not on the lists; and it is likely that some of them may bring suit.

In this ward their wacitement, and the vot on unneccesary exproseeding very or ag was up to 10 o'clock stances the chal' afetty. In one or two intes who vote engers took the names of parview of as a (having been registered) with a legally certaining whether or not they were had qualified. In the first precinct there were to the hour named 2h votes cast, ast of them white, but it was impossible to tell which ticket was ahead. At the second precinct there had been received the votes of 67 whites and 41 colored. In the third precinct, 102 whites and 62 colored had voted, and it was streed that one-third of the vote was in. In the fourth precinct, 94 whites and 56 colored had voted, (one-third of the precinct vote;) and in the fifth precinct, 115 had been cast, the most of the voters here being colored, and half of the vote in. citement, and the vot . no unneccesary ex-SEVENTH WARD.

The tickets in this ward are: Republican.-For Aldermen-H. M. Knight Republican.—For Aldermen.—H. M. Knight (long term) and S. S. Baker. For Council men.—C. S. Bates, T. T. Fowler, and L. G. Hine. For Assessor.—Peter Hepburn.

Conservative.—For Aldermen.—Geo. Wright and Jonas B. Ellis. For Common Council.—Robert V. Goodman, B. F. Lloyd and George Bauer. For Assessor.—John H. Bird.

This baving been the banner ward of the Republicans last year, was looked to with interest. At the first precinct at 9% o'clock, 148 votes had been polled, nearly all colored, and the line extended at that hour on F street from sth to 7th. At the second precinct, same hour, 256 votes had been pol'ed, of which there were but 15 or 20 white voters, and there was but a small line then At the third precinct 200 had voted, of whom but 20 were the second precinct 200 had voted. but 30 were whites but the Conservatives were gathing in the line rapidly making a rally. In the fourth precinct 194 votes had been cast, of which 15 were whites. In the fifth precinct 131 votes had been case, and the line was in the language of one of the Island boys becoming language of one of the Island boys becoming fairer; the whites coming up more rapidly. In this ward the colored men had concerted a plan to be at the polls in phalanx at half-past twelve o'clock, but a party of white Conservatives got together and took the first positions half an hour before that time at the various precincts. In a short time afterwards the colored man appeared and took the first positions half an hour before that time at the various precincts. In a short time afterwards rious precincts. In a short time afterwards the colored men appeared, and the two parties remained at their posts until the opening of the polls, some of the whites having camp-stools and others using a few short boards at the different precincts, but the majority had to "squat" or stand. The same set of tin horns were used on this occasion by the colored Republicans as were used last year to wake up the voters, and Fredericksburg sent to the polls quite a full delegation.

SCENES AND INCIDENTS About five o'clock yesterday afternoon, a large crowd was attracted by an individual named O'Donegan, (well known in temperance circles,) who commenced a political harangue from the steps of the Patent Office, but was stopped by a policeman.

The secretaries of the Board of Registration

were at the corner of 6th and D streets to-day for the purpose of issuing certificates required by reason of orthographical errors in the poll lists, and were kept busy all the morning mak-ing corrections, the crowd at times numbering Major Richards had an ample pelice force at the different precincts, and the mounted police were busily engaged in patrolling the city. Up to noon, as far as we could learn, there

had been no arrests made. RUMORED DISTURBANCE IN THE SEVENTH WARD. Just as we go to press with this Extra we learn that the mounted patrolman have been been summoned to the Seventh Ward in conequence of a disturbance there, but we have not yet ascertained the particulars.

A ROW ON THE AVENUE. About half-past 12 o'clock, a colored man, who had voted the Conservative ticket, was attacked near the corner of 9th street and the avenue, by a number of colored Republicans, and for a short time there were serious apprehensions of a riot. The police soon made their appearance, however, and dispersed the crowd before any one was injured.

CONNECTION WITH THE LOUDON AND HAMP-SHIEE RAIL BOAD.—GROEGETOWS. D. C. June

1st, 186c.—Editor Star: We do not suppose there is an intelligent resident of the District of Coi mbia, who will not admit the destrability of the proposed connection of the District cities with the productive farming country along the line of the Louden and Hampshire Railroad, on account of the increase of trade it will bring us. The only question is: Will it pay to increase our debt to make the connection? The writer thinks it will, but does not propose to account that point in this communication, when argue that point in this communication, which is written for another purpose. The connection will also be advantageous to the farmers along the Loudon and Hampshire road, who will have the advantage of competing markets for their produce, and to the stockholders of the road who will derive a profit from the increased traffic which resul's from active competition. A majority of the farmers, and a number of the stockholders are fully alive to these facts, and anxious that the proposed connection shall be made without delay. The are constantly inquiring as to the prospect of anything being done, and without understanding the facts in the case, seem to argue from the delay that so far as the District cities are concerned it is wall talk and no cider;" which may be true of Washington, but will not apply to Georgetown. For the information of these anxious inquirers and many citizens of Georgetown, who understand just as little of the true state of the words as possible to show exactly what has been done here, and why the negotiations are at a stand-still, in the hope that all who are interested will co-operate in their efforts to overcome the difficulty. It is well to remark at the start that the Corporation of Georgetown is un-mistakably in earnest in its desire to make the connection, being fully satisfied of the profit which will accrue to this community thereby. and if the matter rested with them alone the work would be commenced forthwith. Among the first acts of the present Boards of Aldermen and Common Council, who were sworn in about the first of February, was the appointment of a joint committee of the two Boards to consult with the President and Directors of the Loudon & Hampshire road in reference to the subject. They at once addressed a communi-cation to Mr. Lewis McKenzie, President of the road, to ascertain the teeling of the manage-ment as to their willingness to have Georgetown tap their road, to which Mr. McK. resurned an evasive reply, but the tenor of which was considered rather unfavorable to the project. Not satisfied to let the subject drop without further efforts, the Committee addressed to Mr. McKenzie (several weeks since) a communicatisn requesting a Conference with the Board of Directors of the road. To that communication he has so far vouchsafed no reply. So stands the case at present. In conclusion, it may be as well to state for the benefit of our Loudon friends, if they need more evidence that (a. ). hat Georgetown is acting in good faith, the additional fact, that our Corporation some weeks since instructed their Committee before Congress to urge upon that body the passage of an amendment to our City charter authorizing an increase of the debt of the city by a loan of \$250,000 to pay the expense of the proposed convention, and have hopes of getting it through at an early day, now that impeachment has been disposed of.

HE GETTYSBURG KATALYSINE WATER.

The remarkable facts connected with the discovery and history of the Gettysburg Katalysine Springs have rapidly spread all over the country, and Invalids are everywhere using the water as a femedy for Rheumatism. Gont, Gravel, Dyspepsia, Kidney, Utineary, Bronchial, and other diseases, including Debility and Prostration of the Vital Powers, caused by mental and physical excesses. The water of the Gettysburg Spring belongs to the alkalines or carbonated class. The bicarbonates of soda and lithia, and the kindred bicarbonates of magnesia and of lime, would suggest its adaptation to a long list of disorders of the stomach and bowels.

AN ALMOST MIRACULOUS CURE OF A AN ALMOST MIRACULOUS CURE OF A CATHOLIC PRIEST.

ST MARY'S CHURCH, CHESTNUT HILL, PHILADELPRIA, December 4, 1857—GENTLEMEN: I bee leave to offer my testimony regarding the water of Gettysburg Spring. After a fair trial I have the gratification to declare that my experience corresponds with all that has been asserted about the medicinal virtue of this water. I have suffered from chronic rheumatism for sixteen years, and during that period I have been on four occasions confined to bed for five months with acute inflammation. The last attack commenced on the 8th of December, 1868, and I believe that, in repeated fits of the acute form, I have had the greatest pain produced by this terrible malady. I was so crippled in every joint that I could not leave my room during eight months, and I expected to be in this condition for the remainder of my life. Since I commenced the regular use of the water, in proper doses of a gill three times a day, I have been gradually and surely relieved, until, at the present date, the rheumatic principle in spitirely removed. I have now consumed tenseling from the damaged condition of veins, tissues &c., but I feel a daily improvement. So far fit in being at any time disagreeably affected, my general health has been remarkably benefitted. I advised some of my neighbors to use the water, and it has effectually corred dyspersia and kidney disease.

been remarkably benefitted. I advised some of my neighbors to use the water, and it has effectually cured dyspepsis and kidney disease.

This is the first testimonial of the kind I have ever written, and I now send it to you through a feeling of duty to the community. I have delayed for a long time in order to avoid the slightest risk of hastiness or delusion. Most earnestly I would recommend this charming remedy to all persons affected by any one of the aliments to which it is applicable.

Yours truly.

T. E. MORIABTY, D. D. Dr. Huber, of Gettysburg, and Dr. Shearer, of Baltimore, also report curative effects of the Ka-talysine water, involving the solution of urates on hard lumps of rheumatism.

New York Hospital., 319 Broadway, May 6, 1868.—We have used the Gettysburg Katalysine Water in the New York Hospital many mouths, chiefly in cases of Rheumatic Gout. It has been very efficacious in all the instances when it has been employed.
